Bird and Bat Box Building

Venue: **St Louis School**
Dundalk, County Louth, A91 AE65

Wednesday 21 May 2025 – 14:30

This event is part of the National Biodiversity Week 2025
organised by Irish Environmental Network

Bird and Bat Box Building

This workshop was a hands-on, practical event, which was carried out in St Louis School, Dundalk, County Louth, A91 AE65.

This event was part of the National Biodiversity Week 2025 organised by Irish Environmental Network.

ABOUT OUR ORGANISER

Donna Mullen:

Chair of Green Foundation Ireland, Donna is a farmer, consultant ecologist, and director of Wildlife Surveys Ireland, with an award-winning farm, awards and placements which include the RDS Sustainable Enterprise Award, the EU Rural Inspiration Award, and the Ellison Award.

She works as an ecologist, drawing up nature trails and sustainability plans. Her work involves spending many happy hours surveying buildings for bats, and she helped draw up the guidelines on bat surveys for the Heritage Council (Traditional Farm Building Scheme). She is a founder member of both Bat Conservation Ireland and the Irish Environmental Network, and has also served on the board of the Irish Wildlife Trust.

ABOUT OUR WORKSHOP

We were made to feel very welcome by the teachers and pupils at St Louis School in Dundalk, County Louth. The attendance met expectations, with roughly 18-20 participants taking part.

The enthusiasm of the girls was so encouraging and they are now considering undertaking a project on bats for the Young Scientist Exhibition. They would also love to host more workshops.

You can see photos of our event here.
